

Eco-llapse  
Pre/Post Survey  
Answer Key

1. There are more \_\_\_\_\_ than anything else in an ecosystem.  
**Producers**                      Consumers                      Secondary consumers
2. There are fewer \_\_\_\_\_ than anything else in an ecosystem.  
Producers                      Consumers                      **Secondary consumers**
3. An \_\_\_\_\_ are the living and nonliving things in an environment.  
**Ecosystem**                      Community                      Population
4. A \_\_\_\_\_ is a group of individuals of the same species.  
Ecosystem                      Community                      **Population**
5. A \_\_\_\_\_ is a group of multiple populations.  
Ecosystem                      **Community**                      Population
6. I feel \_\_\_\_\_ ready to learn.  
**Not**                      **Sort of**                      **Very – no right answer**

## Eco-llapse Pre/Post Survey

1. There are more \_\_\_\_\_ than anything else in an ecosystem.

Producers                  Consumers                  Secondary consumers

2. There are fewer \_\_\_\_\_ than anything else in an ecosystem.

Producers                  Consumers                  Secondary consumers

3. An \_\_\_\_\_ are the living and nonliving things in an environment.

Ecosystem                  Community                  Population

4. A \_\_\_\_\_ is a group of individuals of the same species.

Ecosystem                  Community                  Population

5. A \_\_\_\_\_ is a group of multiple populations.

Ecosystem                  Community                  Population

6. I feel \_\_\_\_\_ ready to learn.

Not                  Sort of                  Very – no right answer
