Useful Websites for NRES Boilermakers

Below are websites that we recommend that you click, explore, and bookmark before your first day of classes!

General Purdue Information

Purdue University Home Page (http://www.purdue.edu/): The gateway to all things Purdue!

Campus Map (http://www.purdue.edu/campus_map/): Zoom-able and searchable. Includes a new construction map, as well as a parking map.

Purdue Emergency Texts: Sign up at http://www.purdue.edu/emergency/

Information Technology (IT) at Purdue (https://www.itap.purdue.edu/help/index.html): Computer help, computer lab locations and availability, wireless info, computer and software discounts.

- **Free and discounted software**: http://www.itap.purdue.edu/shopping/software/index.html
- **Change your password and info on BoilerKey**: http://www.purdue.edu/securepurdue/
- **Computer lab locations and hours**: http://www.itap.purdue.edu/facilities/instructionallabs/index.html

Courses and Degree Information

Advanced College Credit (http://admissions.purdue.edu/transfercredit/index.php): AP course credit, IB credit, dual high school/college credit, and how to transfer credit to Purdue.

AP Credit (https://www.admissions.purdue.edu/transfercredit/collegeboardap.php): Learn how AP credit can apply to your degree at Purdue.

BoilerConnect (https://purdue.campus.eab.com/): Schedule appointments with your advisor here, and find your PINs and course recommendation sheets for each semester. Your PIN and course recommendation sheet will be posted in the Reports tab once you meet with your advisor once a semester.

Brightspace (https://purdue.brightspace.com/d2l/login): Purdue's course management system. Most professors use this platform to post their syllabus, post your grades, and accept your assignment submissions.

CODO Requirements (https://www.purdue.edu/advisors/codo/index.php): CODO stands for Change of Degree Objective. This website shows you the grades, informational meetings, and courses required to move into a new Purdue major. You will not need this website if you choose to stay in NRES.

Drop/Add Deadlines, Tuition Refund Deadlines & Academic Calendars (http://www.purdue.edu/registrar/Calendars/index.html)

Majors and Minors (http://catalog.purdue.edu/): All of Purdue's undergraduate degree plans for majors, minors, and certificates.

myPurdue (mypurdue.purdue.edu): Find your course schedule, register for classes, look up classes, plan out your degree pathway in myPurduePlan and more!

myPurduePlan (Find in the "Academics" tab in myPurdue): Online degree planning tool; use the "What If?" tab if you want to see what it would look like if you were to add/change a major and/or minor.

Purdue Registrar's YouTube (https://www.youtube.com/@purdueregistrar/videos): These videos show you step by step instructions on how to schedule courses, sign up for a waitlist, etc.

University Core Curriculum (UCC) (https://www.purdue.edu/provost/students/s-initiatives/curriculum/courses.html): Lists of the UCC course options for each category, which are built into all of Purdue majors' plans of study. You need 1 course from each section except for Science; you will need 2 Science courses and 1 Science Technology and Society course. For NRES majors, all of the UCC courses are pre-selected for you except for Humanities (HUM). You can choose your HUM course.

Academic Help Resources

Academic Success Center (ASC) (https://www.purdue.edu/asc/index.html): This gives you information about tutors, peer success coaching, workshops, and more!

Academic Success Center Handouts (https://www.purdue.edu/asc/handouts.html): Flyers, handouts, and worksheets to help you with time management, test taking, studying, goal setting, and much more!

GPA Calculator (https://www.purdue.edu/asc/resources/gpa-calc.html): Use this to enter the grades you expect to earn in order to see how those grades will affect your semester and cumulative GPAs. This is good if you are retaking a class, as you will be able to see how the retake will affect your GPAs.

Math Resource Room (https://www.math.purdue.edu/academic/courses/helproom): Need help with math? Visit this website for online resources, as well as info on when the Math Resource Room is open.

Presentation Center (https://cla.purdue.edu/communication/presentationcenter/): Need help with any of the aspects of preparing for or delivering a presentation? Come to the Purdue Presentation Center where our experienced tutors can help with any stage of the presentation process.

Supplemental Instruction (SI) (https://www.purdue.edu/asc/si/index.html): Supplemental Instruction is a program built around peer-led group study sessions for some of Purdue's most challenging courses. SI Leaders are undergraduate students at Purdue who have taken the course that they are assigned to lead. They are trained to facilitate or guide learning through fun, collaborative activities that provide more practice with challenging course material and concepts.

Writing Lab (https://owl.purdue.edu/index.html): The writing lab can help you with your writing concerns such as structure, thesis statements, organization, grammar, and mechanics. Also, if you are a student whose first language is not English, the Writing Lab's conversation groups are a terrific way to improve your fluency and expand your vocabulary.

Physical and Mental Health Resources

Purdue Student Health Center (https://www.purdue.edu/push/): Medical assistance, immunizations and allergy shots, medical records and insurance.

Co-Rec (https://www.purdue.edu/recwell/): Want to learn more about Purdue's gym? If so, check out this website!

Counseling & Psychological Services (CAPS) (https://www.purdue.edu/caps/): Digital resources, therapy (both 1 on 1 and group), and workshops.

Self-Help Guides (https://www.purdue.edu/recwell/fitness-wellness/wellness/self-care-services/self-help-guides.php): Find guides on stress, sleep, time management, and digital well-being.

Wellness Resources (http://www.purdue.edu/recwell/programs/wellnessPrograms/index.php): Campus assistance with all things well-being and health. Services include massage therapy, nutrition counseling, and more!

College of Agriculture and NRES Specific Websites

NRES Homepage (https://ag.purdue.edu/department/nres/): Learn more about the NRES major, career opportunities, and more!

NRES Affiliated Faculty (https://ag.purdue.edu/department/nres/meet_the_staff/nres-affiliated-faculty.html): This page lists the faculty members associated with the NRES program. Learn more about who you will be learning from. Also, starting as a sophomore, you will be asked to meet at least once a year with one of these faculty members.

College of Agriculture Homepage (https://ag.purdue.edu/): Learn more about what Agriculture students and faculty are up to, as well as get more information on our college within Purdue!

College of Agriculture Careers (https://ag.purdue.edu/department/oap/career/students.html): Go here to find out when our career fairs are! You can also see job and internship postings on this site.

College of Agriculture Core Graduation Requirements (https://ag.purdue.edu/department/oap/coreqpages/core-requirements1.html): These requirements are embedded into your NRES plan of study, but it is still good to review these requirements.

College of Agriculture Scholarships (https://ag.purdue.edu/department/oap/scholarships.html): This website provides scholarship applications and their deadlines.

College of Agriculture Study Abroad (https://ag.purdue.edu/department/ipia/study-abroad/index.html): Want to study abroad during a spring break, summer, or semester? If so, visit this website!

Important Purdue Offices

BoilerLink (https://boilerlink.purdue.edu/Organizations): This has links to all of the student organizations and clubs on campus!

Bursar (http://www.purdue.edu/bursar/): Tuition calculator and installment plan information. If you have questions on paying your bill/tuition, reach out to this office.

Center for Career Opportunities (CCO) (https://www.cco.purdue.edu/): Career and major decision-making resources, job fairs, salary data, industry information, career closet, and more.

Center for Career Opportunities (CCO) Data (https://www.cco.purdue.edu/data/): Want to learn the average starting salary of your major? Want to see where students from your major end up after graduation? Check out this website to find those answers and more!

Cultural Centers (https://www.purdue.edu/diversity-inclusion/about-us/departments.html): Here, you can find info on Purdue's cultural centers on campus.

Disability Resource Center (https://www.purdue.edu/drc/): Obtain accommodations for temporary (e.g. broken leg, concussion, etc.) or permanent disabilities.

Financial Aid and Student Employment Offices (http://www.purdue.edu/dfa/): Scholarships, loans, grants, money management, and student employment.

Housing and Food Services (www.housing.purdue.edu): Move-in dates, lofts, dining hall menus, student employment, maintenance requests ("Fix My Home"), and BoilerTV schedules.

International Students & Scholars (ISS) (http://www.iss.purdue.edu/): I-20, visa, and SEVIS info, as well as orientation sessions and year-round support.

Scholarship Universe (https://www.purdue.edu/dfa/apply/scholarshipuniverse/): This scholarship database has both Purdue scholarships and external scholarships (money from sources outside of Purdue).

Student Life (https://www.admissions.purdue.edu/studentlife/index.php): Clubs, employment, sports, and legal services

Study Abroad Programs (http://www.studyabroad.purdue.edu): Start at "Program Search" to research options for spring break trips, summer trips, and semester long programs.

Helpful Phone Apps

MyCityBus (https://www.purdue.edu/transportation/information/cityBus.html): This shows you the maps and schedules of CityBus, which offers free rides for individuals with a valid Purdue photo ID.

Purdue Mobile Menus (https://dining.purdue.edu/menus/): All the menus and open hours for all of the dining halls at Purdue, updated daily.

Shovel (https://www.purdue.edu/asc/resources/tutoring.html): This time management app allows you to schedule your time with less stress.
