

Ready to bring light to outdoor spaces? Join our team as a **Low-Voltage Outdoor Lighting Technician!** We value hard work, a positive attitude, and strong teamwork. Specific experience with low-voltage lighting is *not* required. We will train the right person with everything they need to know to thrive in this business!

#### **Key Skills and Qualities:**

- **Landscaping Expertise:** Solid background in landscaping.
- **Leadership Experience:** Previous role leading a landscaping team.
- **Problem-Solving Pro:** Proactive and systematic problem solver.
- **Crafty Carpenter:** Basic carpentry skills.
- **Tech-Friendly:** Comfortable with technology for tracking data.
- **Attention to Detail:** Meticulous about every detail.
- **Customer-Focused:** Ability to interact with customers respectfully.

#### **Responsibilities:**

- **Project Management:** Set and maintain project timelines.
- **Supply Coordination:** Create lists for necessary supplies.
- **Logistics:** Ensure tools and supplies are on-site for each project.
- **Progress Updates:** Monitor and report project progress.
- **Team Support:** Coach and support team members.

If you're passionate about outdoor lighting, enjoy working in a close-knit team, and have the skills we're looking for, apply now and let's brighten landscapes together!
